

NOV 27 1990

Docket No. 50-456
Docket No. 50-457

Commonwealth Edison Company
ATTN: Mr. Cordell Reed
Senior Vice President
Opus West III
1400 Opus Place
Downers Grove, IL 60515

Gentlemen:

SUBJECT: EXAMINATION REPORT

During the week of October 22, 1990, the NRC administered examinations to employees of your organization who had applied for licenses to operate your Braidwood Nuclear Power Station. The NRC also administered retake requalification examinations at that time. At the conclusion of the examinations, the examination questions and preliminary findings were discussed with those members of your staff identified in the enclosed report.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and the enclosures will be placed in the NRC Public Document Room.

Should you have any questions concerning this examination, please contact us.

Sincerely,

Original signed by Thomas M. Burdick

Thomas M. Burdick, Chief
Operations Branch

SUBJECT: EXAMINATION REPORT

During the week of October 22, 1990, the NRC administered examinations to employees of your organization who had applied for licenses to operate your Braidwood Nuclear Power Station. The NRC also administered retake requalification examinations at that time. At the conclusion of the examinations, the examination questions and preliminary findings were discussed with those members of your staff identified in the enclosed report.

The facility should be advised that should it desire to use the requalification crew that was examined on the simulator during this exam as an on-shift crew, remediation of crew weaknesses must take place prior to placing the crew on shift.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and the enclosures will be placed in the NRC Public Document Room.

Should you have any questions concerning this examination, please contact us.

Sincerely,

Thomas M. Burdick, Chief
