Washington, D.C. 20555

50-440/441

Dear Sirs:

As the State Liaison Officer for the Nuclear Regulator Commission, and as Chief of Staff for the Ohio Emergency Management Agency, I request that the Ohio Emergency Management Agency (EMA) be included on the service list to receive information pertaining to the Perry Nuclear Power Plant.

The mission of Ohio EMA is to coordinate state emergency preparedness and civil defense activities including mitigation, preparedness, response, and recovery activities designed to minimize effects upon the population caused by all hazards. Also, Ohio EMA maintains the State Emergency Operations Center, the data link and liaison with nuclear power plants and communications to political subdivisions. This agency implements federal and state policies and programs, and supervises county emergency management activities.

The Ohio Emergency Management Agency is acutely interested in any information that pertains to the safety and welfare of the citizens of Ohio. Therefore, it is imperative that this agency is included on the service list.

FOR THE DIRECTOR

JAMES R. WILLIAMS
Ohio State Liaison to NRC
