Docket No. 030-18241
License No. SNM-1933
Docket No. 070-02994

Gentlemen:

This refers to the routine safety inspection conducted by Mr. S. J. Mulay of this office on November 15, 1990 of activities at Memorial Community Hospital authorized by NRC Byproduct Material Licenses No. 24-17680-02 and No. SNM-1933 and to the discussion of our findings with Mr. Ron Thompson at the conclusion of the inspection.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and with the conditions of your license. The inspection consisted of a selective examination of procedures and representative records, observations, independent measurements, and interviews with personnel.

In addition to the above areas, the inspector examined actions you took regarding violations found during our 1987 inspection. We have no further questions regarding these matters.

No violations of NRC requirements were identified during the course of this inspection.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter will be placed in the NRC Public Document Room.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

Roy J. Caniano, Chief
