October 22, 1990

John D. Kinneman,
Chief
U.S. Nuclear Regulatory Commission, Region I
Nuclear Materials Safety Section B
Division of Radiation Safety and Safeguards
475 Allendale Road
King of Prussia, PA 19406

Dear Mr. Kinneman:

Subject: Corrective Actions For Notice Of Violation (Docket No. 030-29012) For
License No. 29-07009-04.

This Document is in reply to violations encountered during an inspection by
your staff on September 6, 1990.

The storage location for the Sentex Gas Chromatograph will be at the following
location:

NJDEP/BEMQA/EMS
25 Arctic Parkway
Trenton, NJ 08638

The storage location has changed from 65 Prospect St., Trenton to 25 Arctic
Parkway, Trenton following our move to a new location.

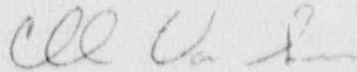

The Section Chief of the Environmental Measurements will manage records of
inventory and location to maintain control of the unit. This will include the
inventory of the detector cell. The record will be kept in the Section Chief's
office in a hard bound book. It should be noted that an Application for

Material License has been submitted to you office concerning this unit and another currently being purchased.

These steps will be taken immediately to comply with the requested actions. It is requested that a copy of the pertinent regulations covering the regulation of our unit be sent to us so we can avoid future violations.

If you have any questions or comments, please call me at (609) 984-1693. Thank you.

Sincerely,

Charles Van Sciver, Section Chief
Environmental Measurements Section
