SUBJECT: Vegetation Removal Around Buildings on the Anne Arundle Property

Mr. Dominick A. Orlando
Project Manager
Division of Low Level Waste Management
and Decommissioning
U.S. Nuclear Regulatory Commission

Rockville, MD 20852

Dear Mr. Orlando:

As we briefly discussed during our conversation on 14 Mar 1994, the County and I have been discussing the idea of removing the vegetation around the nine buildings prior to the actual start up of the D&D work. This effort would get rid of the trees and overgrown vegetation before it starts its rapid growth this spring. We will, of course, take care not to disturb the buildings or the soil underneath the buildings.

Please provide your concurrence that this action is acceptable to the NRC so we may proceed as soon as possible. Should you have any questions please contact me on (703) 607-3227.

Sincerely,
