Dear Dick:

I wanted to thank you for taking the time to give me an overview of the DWP records system on my recent trip to Los Angeles. I was impressed with your systematic approach to the project and came away with information that I believe will be helpful to us in planning and developing our system. I would like to offer the same courtesy to you to learn more about our system, as well as other federal systems, such as the Patent and Trademark Office's Automated Patent System. Let me know if you would like me to arrange this at some point (301-492-4030). Please also extend my thanks and regards to Bobby, Ron, Barbara Nye, and Linda Rudell-Betts.

Sincerely,
