Dear Jeannette:

I wanted to thank you for taking the time to give me an overview of the Superior Court's optical disk-based document processing system on my recent trip to Los Angeles. It was fascinating to see the system at an early stage of operation and I came away with information that I believe will be helpful to us in planning and developing our system. In addition, thanks for forwarding the material on system costs and benefits and the RFP for the system. Please extend my thanks and regards to Alan and Lisa Brown.

Sincerely,
