MOTION TO EXTEND DISCOVERY ON ISSUE #9

Ohio Citizens for Responsible Energy ("OCRE") hereby moves the Licensing Board to extend the deadline for filing discovery on Issue #9. In its September 16, 1982 Memorandum and Order (Concerning Scheduling), the Board set October 15, 1982 as a target date for the completion of discovery on Issues 9 and 11. OCRE, on August 30, filed interrogatories on both Applicants and NRC Staff pertaining to Issue #9. Applicants have responded. Staff has not. In their response, Applicants have referenced many documents which are only available for inspection at PNPP. Due to circumstances beyond OCRE's control (e.g., the Perry plant contact person whom Applicants have designated in their response was on vacation until October 12), OCRE has had difficulty in making arrangements to review these documents and will not be able to examine them until October 24. OCRE should have the right to file follow-up discovery on information in these documents, as well as that in the Staff's response. Therefore, OCRE requests that the deadline for filing discovery on Issue #9

be extended to November 1 for discovery on Applicants and, for Staff, to 10 days following the Staff's filing of its answer to OCRE's Fourth Set of Interrogatories to Staff.

Respectfully submitted,

Susan L. Hiatt
OCRE Representative
