MEMORANDUM FOR: Shirley Hudson
Information Management Coordinator
Office of Nuclear Regulatory Research

Robert O'Connell
Information Management Coordinator
Office of Nuclear Material Safety and
Safeguards

FROM: Brenda J. Shelton, Chief
Information and Records Management Branch
Division of Information Support Services
Office of Information Resources Management

SUBJECT: 10 CFR 73, PHYSICAL FITNESS PROGRAMS AND DAY
FIRING QUALIFICATIONS FOR SECURITY PERSONNEL
AT CATEGORY I FUEL CYCLE FACILITIES, PROPOSED
RULE

The subject rule has information collection requirements that must be submitted to the Office of Management and Budget (OMB) for review and approval no later than the date the rule is published in the Federal Register. Please submit an OMB clearance package in sufficient time to obtain IRM approval prior to submitting the rule for publication. Publication of the rule has been placed on hold pending IRM approval of the OMB clearance package.

Please correct the OMB clearance number for Part 73 included in the last line of the Paperwork Reduction Act Statement to read 3150-0002. In addition, please correct the "Addresses" paragraph to indicate that copies of the environmental assessment and the OMB clearance package, not the Paperwork Reduction Act statement, are available in the PDR. However, it is not necessary to include the availability of the clearance package in this paragraph unless you desire to.
