

NOTICE OF VIOLATION

Commonwealth Edison Company
Zion Nuclear Generating Station

Dockets No. 50-295; 50-304
Licenses No. DPR-39; DPR-48

During an NRC inspection conducted on March 14 through 23, 1994, a violation of NRC requirements was identified. In accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," 10 CFR Part 2, Appendix C, the violation is listed below:

Technical Specification 6.2.2.A, states, in part, that radiation control procedures shall be prepared, implemented, and maintained.

Zion Administrative Procedure 600-06, "Radiological Controls for Radiography Activities", requires that a radiation protection technician shall be in attendance during radiography activities to verify pre and post exposure dose rates.

Contrary to the above, on February 22, 1994, a contract radiation protection technician left a radiography activity and did not verify dose rates in the exclusion area during the course of the subsequent radiography exposures.

This is a Severity Level IV violation (Supplement IV).

Pursuant to the provisions of 10 CFR 2.201, Commonwealth Edison is hereby required to submit a written statement or explanation to the U.S. Nuclear Regulatory Commission, ATTN: Document Control Desk, Washington, D.C. 20555 with a copy to the U.S. Nuclear Regulatory Commission, Region III, 801 Warrenville Road, Lisle, Illinois, 60532, and a copy to the NRC Resident Inspector at the Zion Nuclear Generating Station within 30 days of the date of the letter transmitting this Notice of Violation (Notice). This reply should be clearly marked as a "Reply to a Notice of Violation" and should include for each violation: (1) the reason for the violation, or, if contested, the basis for disputing the violation, (2) the corrective steps that have been taken and the results achieved, (3) the corrective steps that will be taken to avoid further violations, and (4) the date when full compliance will be achieved.

If an adequate reply is not received within the time specified in this Notice, an order or a demand for information may be issued as to why the license should not be modified, suspended, or revoked, or why such other action as may be proper should not be taken. Where good cause is shown, consideration will be given to extending the response time.
