Attention: Mr. Roy P. Zimmerman, Branch Chief

Gentlemen:

Subject: Docket No. 50-206
San Onofre Nuclear Generating Station, Unit 1

Reference: Letter, Mr. R. P. Zimmerman (NRC) to
Mr. Harold B. Ray (SCE), dated November 8, 1990

The reference forwarded NRC Inspection Report No. 50-206/90-11 resulting from the Emergency Operation Instruction inspection conducted by Mr. G. Johnston and other members of the NRC staff during the period of September 13 through September 28, 1990, and requested a response by December 14, 1990.

During a discussion with Mr. D. F. Kirsch of your staff on December 3, 1990, we requested additional time to prepare the required response. Consistent with Mr. Kirsch's agreement, this letter confirms that SCE will provide the response by January 28, 1991.
