License No. SUB-908  
Docket No. 040-07604

Dear Mr. Blyth:

SUBJECT: NRC INSPECTION REPORT NO. 040-07604/94001(DRSS)

This refers to the special inspection conducted by Mr. Kenneth Lambert of this office on February 24, 1994, of activities authorized by NRC Source Material License No. SUB-908. This inspection also included the accompaniment of Oak Ridge Institute for Science and Education (ORISE) during the confirmatory survey of the V-1 Pond. At the conclusion of the inspection, the findings were discussed with Mr. William Rupert of your staff.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, independent measurements, and interviews with personnel.

The ORISE survey report and NRC's determination regarding the release of the V-1 Pond for unrestricted use will be transmitted under separate cover.

No violations of NRC requirements were identified during the course of this inspection.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC Public Document Room.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

Original Signed by G. M. McCann for
