REFERENCE: Report No. 70-824/82-04

Dear Mr. Troup:

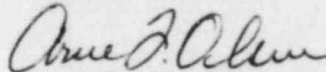

Item 10.C of the reference makes mention of the Cutting and Welding Permit in use at the Lynchburg Research Center. You stated that the form was confusing and that the LRC should review and revise the form.

We have completed our review and have revised the form. During the exit interview, C. E. Bell stated that the revised form would be sent to you when the revision was complete. The new form is attached.

If you have additional questions in this regard, please call me.

Very truly yours,

BABCOCK & WILCOX
