ACT REQUEST

FOIA-93-302
Rec'd 5-24-93

Re: FOIA Request

Dear FOIA Officer:

Pursuant to the federal Freedom of Information Act, 5 U.S.C. S 552, I request access to and copies of all records pertaining to scientific studies of the safety of concrete storage containers for nuclear wastes. I am particularly interested in the type of container used on the east shore of Lake Michigan, and the specific studies that have led the Environmental Protection Agency to declare those containers safe and adequate for nuclear storage.

I am requesting these records in a non-commercial capacity as a high school student for a school project studying access to government information. The non-commercial capacity allows for two hours of free search time and free duplication of 100 pages. If any expenses in excess of the above would be incurred in connection with this request, please contact me before any such charges are incurred.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I reserve the right to appeal your decision to withhold any information.

I will expect a response within 10 business days after receipt, as the statute requires.

Thank you for your assistance.

Sincerely,

Kate Walker
