Submittals made by the C-E Owners Group to the NRC are not applicable to any individual licensee until the submittal is referenced by that licensee for use on his docket. Should the NRC have questions within the scope of any C-E Owners Group submittal, they should be addressed to the Owners Group Chairman, with copies to the appropriate Owners Group Subcommittee Chairman, ABB C-E and each Owners Group member. The individuals to whom copies should be addressed will be identified with each Owners Group submittal.

Questions from the NRC on issues beyond the scope of previous submittals made by the C-E Owners Group should be addressed only to the individual licensee. The licensee will then consider the extent of the C-E Owners Group involvement, if any, in an appropriate response.

At times in the past, the NRC has provided items to the C-E Owners Group Chairman for the informations and use of C-E Owners Group members. Such items should continue to be sent to me with a copy to James W. Pfeifer, ABB C-E.

The C-E Owners Group feels that this communications policy serves the best interest of the Owners Group, individual licensees and the NRC.

If you or your staff have any questions concerning this topic, or any topic pertaining to the C-E Owners Group, please contact me at (407) 694-4211. If sending Federal Express, my street address is 700 Universe Boulevard, Juno Beach, FL 33408.

Very truly yours,

John J. Hutchinson
