ERROR IN PREVIOUS SUBMITTAL

Gentlemen:

Our letter of June 11, 1982 requested Technical Specification changes which increased shift manning requirements per NUREG-0737.

The affected page 6-4 for Unit 2 is in error as submitted. The designation of unit status for shift manning requirements was inadvertently reversed. Please replace it with the enclosed page.

Very truly yours,

L. T. Gucwa
Chief Nuclear Engineer
