MEMORANDUM FOR: Docket File No. 40-8681  
FROM: Dana C. Ward, Project Manager  
SUBJECT: REVIEW OF LAND USE SURVEY FOR UMETCO'S WHITE MESA MILL, 1993

By letter dated August 11, 1993, Umetco Minerals Corporation (Umetco) submitted the results of the annual land use survey for the area within a 5-mile radius of the White Mesa Mill. The staff review of the licensee's submittal indicated the following major points:

1. The nearest resident, located 3 miles north of the facility, has constructed a new home.
2. The Blanding airport, located approximately 5 miles north of the facility, has been widened and repaved with asphalt.
3. A new residence has been constructed approximately 5 miles northeast of the mill.
4. Livestock grazing is reported for the orchard area located approximately 2 miles north of the facility.

The staff concludes that Umetco has performed an acceptable land use survey as required by License Condition No. 17 of Source Material License SUA-1358. No further action is necessary at this time.
