License - 05-19821-01

Dear Mr. Brown,

Per your letter of 8/13/82, we have prepared the following responses to the items listed:

ITEM #1

- A. "Corrective steps which have been taken and the results achieved"  
Answer - All employee files were checked for previous occupational dose histories. Those files which were found to be incomplete were immediately up-dated. All employee files are now current.
- B. "Corrective steps to avoid further violations"  
Answer - Company hiring practice has been amended to include employee completing estimated previous occupational dose histories and sending requests to previous employers for records on date of hire.
- C. "Date when full compliance will be achieved."  
Answer - July 20, 1982

ITEM #2

- A. "Corrective steps which have been taken and results achieved"  
Answer - The necessary reports were compiled and sent immediately.
- B. "Corrective steps to avoid further violations"  
Answer - Administrative practices have been amended to reflect requirements for this action within the first calendar quarter of the year.
- C. "Date when full compliance will be achieved"  
Answer - July 21, 1982

ITEM #3

- A. "Corrective steps which have been taken and results achieved"  
Answer - Same as #2.
- B. "Corrective steps to avoid further violations"  
Answer - Same as #2.

| Previous employment involving exposure to Radiation. List name and address of employer. | Dates of employment. |    | Periods of exposure. |    | Whole body in REMS | Record or calculated |
|-----------------------------------------------------------------------------------------|----------------------|----|----------------------|----|--------------------|----------------------|
|                                                                                         | From                 | To | From                 | To |                    |                      |
|                                                                                         |                      |    |                      |    |                    |                      |
|                                                                                         |                      |    |                      |    |                    |                      |
|                                                                                         |                      |    |                      |    |                    |                      |
|                                                                                         |                      |    |                      |    |                    |                      |
|                                                                                         |                      |    |                      |    |                    |                      |
|                                                                                         |                      |    |                      |    |                    |                      |
|                                                                                         |                      |    |                      |    |                    |                      |
| Accumulated Occupational Dose:                                                          |                      |    |                      |    | REMS               |                      |

Calculations-Permissible Dose

Whole Body:

Permissible Accumulated Dose =  $5(N-18)$  = \_\_\_\_\_ REM  
 Total Exposure To Date.....= \_\_\_\_\_ REM  
 Permissible Dose.....= \_\_\_\_\_ REM

I certify that the exposure history listed above is correct and complete to the best of my knowledge and belief.

Employee's Signature \_\_\_\_\_ Date \_\_\_\_\_

RPO Signature \_\_\_\_\_ Date \_\_\_\_\_
