MOTION FOR PROTECTIVE ORDER

On behalf of Intervenor and on behalf of its expert witness, Dr. Irving Stillman, and pursuant to 10 C.F.R. §2.740, counsel for Intervenor (Citizens for Nuclear Reactor Safety, hereinafter "CNRS") move for a protective order to protect against the public disclosure or possible mis-use of Dr. Stillman's address and telephone number.

At the pre-hearing conference held on October 15, 1982, the Licensing Board chairperson, Judge Helen Hoyt, requested counsel for the Intervenor to submit a proposed protective order. A copy of such a proposed order is attached. Counsel for Intervenor has discussed this matter with Dr. Stillman and believes that the proposed protective order is an appropriate and reasonable way to accommodate his privacy interests. This method will not inconvenience counsel for the Licensee or NRC Staff. The NRC staff has itself recognized the personal and privacy interests individuals have in their addresses and telephone numbers; this type of information is routinely deleted from materials furnished to members of the public by NRC Staff in response to Freedom of Information Act requests.

Counsel for Intervenor CNRS has informed counsel for the NRC Staff, and counsel for the Licensee AFRI, by telephone, of the contents of the proposed protective order. Counsel for the NRC Staff has indicated that he has no objection to the proposed order.

Respectfully submitted,

Laura W.S. Macklin
