Mr. James M. Taylor
Executive Director for Operations
United States Nuclear Regulatory Commission
Washington, DC 20555-0001

Dear Mr. Taylor:

Would you kindly provide us with guidance and pertinent considerations which should be addressed in an exemption request from the 1993 annual fee for nonprofit educational institution licensees as soon as possible.

Third party communications have indicated that the comment period regarding the fees was reopened on July 22, 1993. If this is correct, please forward the text associated with that announcement as well. Thank you.

Sincerely,

Eli Fromm
Vice Provost for Research and Graduate Studies
