Docket No. 50-289
GPUN Response to the Notice of Violation from
Inspection Report (IR) 90-15

The purpose of this letter is to document our verbal agreement with the NRC concerning the schedule for responding to the Notice of Violation contained in IR 90-15. In the NRC Exit meeting for IR 90-18 on October 30, 1990, GPUN was advised that IR 90-18 will cite another example of procedural weakness which was the subject of the Notice of Violation in IR 90-15. We understand that the NRC intends for GPUN to provide a single response to the violation cited in IR 90-15 and the additional example which will be discussed in IR 90-18. We also understand that an extension of the due date for responding to IR 90-15 has been granted to coincide with the response date for IR 90-18.

Sincerely,

H. D. Hukill
Vice President and
Director, TMI-1
