Dear Diane Dandois:

I wanted to inform the USNRC, in writing, that it is the intent of Idaho State University College of Engineering to file for an exemption status for license # R-110 and license # SNM-1373. The License Fee and Debt Collector Branch will be receiving our exemption request for both licenses before the November 1993 deadline.

My Reactor Supervisor, R. David Clovis, has also conveyed this same information to the USNRC Project Managers for the above mentioned licenses and to Jim Hollaway of your branch.

If you have any questions regarding our intentions with regards to license fees, please feel free to contact me at (208) 236-2902 or Mr. Clovis at (208) 236-3637.

Sincerely,

Dr. Hary Charyulu
