Gentlemen:

Subject: Inspection No. 50-333/80-20

This refers to your letter dated August 5, 1982, in response to our letter dated July 2, 1982.

Thank you for informing us of the corrective and preventive actions documented in your letter. These actions will be examined during a future inspection of your licensed program.

Based on a telephone conversation on September 15, 1982, between Mr. E. Mulcahey, Radiological and Environmental Services Superintendent, and Dr. M. McBride of this office, we understand that in light of the ALARA staffing changes outlined in Item G.2 of your August 5, 1982, response, you will implement a full ALARA Program, with procedures, prior to the 1983 refueling outage.

If our understanding of the above is not correct, please inform this office, in writing, within 30 days of receipt of this letter.

Your cooperation with us is appreciated.

Sincerely,
