Dear Sir:

Subject: Maine Yankee Reportable Occurrence #82-30/01T-0

Pursuant to the requirements of Technical Specification 5.9.1.6.I, the Maine Yankee Atomic Power Company hereby submits the following report.

Maine Yankee has been informed by its Engineering Support Group that one of the pipe supports in the Primary Component Cooling System may not meet design criteria. The plant was in the Refueling Shut down condition at the time of discovery. No further immediate corrective action is considered necessary.

Maine Yankee intends to pursue confirmation and final resolution of this problem prior to plant startup.

Very truly yours,

MAINE YANKEE ATOMIC POWER COMPANY
