Manager of Environmental Affairs

Dear Mr. Bright:

This is in response to your letter to Paul Swetland dated March 29, 1994. I have reviewed your letter and have no problem with your approach of consolidating the RSO function in your company.

Of course, you are aware that you will have to obtain from NRC an approved amendment of each license that is affected by the RSO change prior to implementing it.

Thank you for your cooperation.

Sincerely,
