Mr. R. C. Haynes
Region I, Regional Administrator
U. S. Nuclear Regulatory Commission
631 Park Avenue
King of Prussia, PA 19406

Dear Sir:

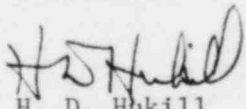

Three Mile Island Nuclear Station, Unit 1 (TMI-1)
Operating License No. DPR-50
Docket No. 50-289
Semi-Annual Radioactive Effluent and Release Report, Revision 1

Our correspondence 5211-82-199, dated August 31, 1982, was the submittal of the Semi-Annual Effluent Report. The attached is a revision to Table 2B of that report, which was Attachment I, page 5. The corrected information was recently received with all the sample results from our offsite vendor, RMC. The revision reflects the following changes:

- 1) Iron-55, Batch Mode, Second Quarter, changed from 2.32 E-8 to 1.94 E-4
- 2) *Footnote changes as indicated

This is the last input for the Report and finalizes our submittal accordingly.

Sincerely,

H. D. Hukill
Director, TMI-1
