Dear Mr. Scurry:

In accordance with Section 3507 of Public Law 96-511 of December 11, 1980 and regulations of the Office of Management and Budget, I am enclosing for OMB review copies of Standard Form-83 and the Supporting Statement for the proposed revisions to 10 CFR Parts 30, 40, and 70 specifying licensee responsibility for nuclear materials and procedures for termination of specific licenses. A separate form SF-83 has been prepared for each affected part.

The estimated respondent burden is 317 hours for Part 30, 118 hours for Part 40, and 75 hours for Part 70 licensees. The total respondent burden is 510 hours.

In accordance with NRC's procedures, my staff has made an independent review of the practical utility and necessity for the proposed information collection and we are in concurrence with this proposal. We have also reviewed for duplication and found no similar requirement in the agency. Therefore, we are transmitting this material for appropriate OMB review and approval.

Sincerely,
