Samuel J. Chilk, Secretary
U.S. Nuclear Regulatory Commission
Washington, DC 20555

Dear Secretary Chilk:

On behalf of Environmentalists, Inc., I am submitting the following petition related to the decommissioning of the Yankee Rowe Nuclear Power Plant.

Our organization wanted you to have this petition as soon as possible to allow time for action to be taken concerning our request that dismantlement be halted and that shipments of nuclear waste from Yankee Rowe to the radioactive waste landfill near Barnwell, South Carolina be stopped.

Our petition was mailed to you November 13, and you should receive it this week. Meanwhile, this electronic transmittal will hopefully enable your prompt consideration of this matter.

Sincerely,

Ruth Thomas, President
