Kenneth A. Brown  
Laboratory Manager  
CHESTER LabNet  
3000 Tech Center Drive  
Monroeville, PA 15146

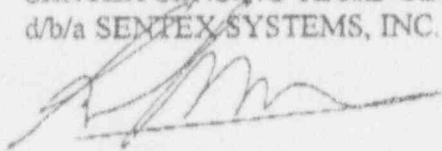

Dear Mr. Brown:

This letter shall confirm that we have received a Scentor Portable Gas Chromatograph S/N: 40K-120 from Chester LabNet, 3000 Tech Center Drive, Monroeville, PA 15146. This unit was originally purchased in 1985 from a predecessor company, Keystone Labs. As manufacturer of this instrument, we have removed the radioactive foil contained therein, and disposed of it by sending it back to its manufacturer, Safety Light Corp. in Bloomsburg, PA.

I hope this letter is sufficient for you to terminate your License with the state of Pennsylvania, but if further information is required, please contact me directly.

Yours truly,

SENTEX SENSING TECHNOLOGY, INC.  
d/b/a SENTEX SYSTEMS, INC.

A. Linenberg  
Radiation Safety Officer

Dear Mr. Brown:

In answer to your letter regarding disposal of the source contained in the Scentor Portable GC, there is a \$150.00 disposal charge for this service. The instrument must be returned to our location in New Jersey with written authorization that you would like the source removed and disposed, and also instructions on whether you would like the instrument chassis returned to you after disposal of the source. Shipment of the instrument to us and back to you if desired is your responsibility.

After receipt and disposal of the source, we will forward a letter to you confirming receipt, which may be sent on to the USNRC for termination of your license.

If you have any questions or need further information, please do not hesitate to contact us.
