Dear Sirs:

SUBJECT: Retraction of Notice of Intention to Terminate  
License 45-14863-01

I have just received the "Notice to Nonprofit Educational Institution Licensees" from Mr. James M. Taylor, NRC Executive Director for Operations, dated August 6, 1993, which extends the deadline for filing exemption requests from annual fees until 11/17/93. Furthermore, his notice indicates that "the Commission expects to approve shortly the pertinent considerations that should be addressed in exemption requests and will provide this guidance via direct mailing or notice in the Federal Register." Also, "Nonprofit educational institutions will have 30 days after the Commission has rendered a decision on any exemption request to file a request for termination."

In light of this new provision, Blue Ridge Community College wishes hereby to retract the notice of intention to terminate License 45-14863-01 which was dated August 10. Instead, we will await publication of the "pertinent considerations" regarding exemption from annual fees and plan to submit an exemption request by November 17. If exempt status is denied, then within 30 days of notification of denial we will notify the NRC of our decision to

relinquish our license. It is our interpretation of Mr. Taylor's notice that, if this procedure is followed, the 1993 annual fee and any interest and penalty charges will be avoided in spite of the "August 19" due date stated on the billing. Of course, if exemption is granted, the license will be retained and no annual fee will be imposed.

I would appreciate acknowledgement of the receipt of this letter countermanding the message of my previous letter.

Sincerely,

*Edward Houston Lynch*
