## VOGTLE ELECTRIC GENERATING PLANT - UNIT 2 FINAL SUPPLEMENT TO SUMMARY REPORT OF STARTUP TEST PROGRAM

This final supplement to the initial startup report addresses the remaining startup test that was incomplete at the time of submittal of the initial startup report.

The test is identified according to the section numbering scheme used in the initial report. The test number is provided in parenthesis.

7.6.10 Thermal Expansion Test (2-600-11)

Final thermal expansion measurements have been performed, evaluated, and found acceptable. All acceptance criteria for this test were met and plant response was determined to be within allowable tolerances.

Based on the above, the Initial Startup Test Program for Vogtle Unit 2 is now complete in accordance with Technical Specification 6.8.1.1 and no additional supplements are required.
