Ms. Patricia Detloff
United States Nuclear Regulatory Commission
Region III
Materials Licensing Section
Glen Ellyn, IL 60137-5927

Dear Ms. Detloff:

RE: POL Requests

This letter serves to request a Possession Only License (POL) for the following N.R.C. Licenses:

- #21-00741-09 Irradiator License
- #21-00741-11 Irradiator License
- ✓ SUD-232 Uranium Rod License

The above mentioned irradiators have been contracted with J.L. Sheppard & Company for decommissioning and removal from Wayne State University. License # 21-00741-11 irradiator is scheduled for removal on August 30 & 31, 1993. Removal of # 21-00741-09 irradiator is currently being scheduled by J.L. Sheppard.

License # SUD-232 Rod removal is being arranged with the Department of Energy Savannah River Operations, Aikens, South Carolina. We have requested Materials Transaction Report DOE/NRC Form 741. As soon as we receive the necessary forms from D.O.E., we will process same and make arrangements for transport to their facility.

I thank you for processing this POL request. If you require any additional information, please feel free to contact me at (313) 577-1255.

Sincerely,

Richard D. Cummings
