Office of the Controller
U.S. Nuclear Regulatory Commission

Dear Controller:

Washington and Jefferson College intends to file an exemption request for the annual fees recently announced by your office in conjunction with our licensed radioactive sources. We understand that this request should be submitted by November 17, 1993. Kindly send us the necessary forms and related information.

In the meantime, we believe that our past approvals from the Nuclear Regulatory Commission remain in effect, and that they authorize us to continue to use our sources for educational purposes, as we have in the past. Kindly let us know immediately if that is not the case.

Thank you for your assistance in this matter.

Sincerely,

Howard J. Burnett, Ph.D.
President of the College
