Subject: REQUEST FOR AMENDMENT TO QUALITY ASSURANCE PROGRAM APPROVAL
DOCKET No. 71-0162

Dear Mr. Pasciak,

Ebasco has been acquired by Raytheon Engineers and Constructors. The change in ownership had resulted in some reorganization. J.W. Jonas is no longer employed by Ebasco, and the position of NRC License Radiation Protection Officer now reports directly to K.F. Schmidt Jr., the Vice President of the Testing, Examination and Corrosion Technology group rather than reporting to the Vice President through a manager.

Ebasco now requests an amendment to Quality Assurance Program Approval, Docket # 71-0162, in order to reflect the new ownership as detailed on the attached page.

A check for \$250.00, payable to the Nuclear Regulatory Commission, is enclosed to cover the amendment fee.

Yours truly

Harold C. Bullen
