Secretary of the Commission
U.S. Nuclear Regulatory Commission

Dear Sir:

TVA is pleased to provide comments on the proposed amendments to 10 CFR Part 50 concerning actions that depart from a license condition or technical specification in an emergency as noticed in the August 18, 1982 Federal Register notice (47 FR 35996-35998).

We agree with the need for and purpose of this proposed rule change. We suggest the NRC should adopt the proposed rule.

We appreciate the opportunity to comment.

Very truly yours,
