Gentlemen:

Thank you for your letters dated July 23, 1982, and August 24, 1982, informing us of the additional steps you have taken to correct the items which we brought to your attention in our letter dated June 21, 1982. Reference is also made to Inspection Report No. 50-358/81-27 forwarded by our letter dated January 22, 1982, and your initial response letter dated February 23, 1982.

Based on a telephone conversation on September 21, 1982, between Messrs. D. R. Hunter and E. R. Schweibinz of this office and Mr. B. R. Sylvia of CG&E with respect to Item 1 of your August 24, 1982 response, we understand that the date when full compliance will be achieved is August 1, 1983.

We will examine these matters during subsequent inspections. Our review of your corrective actions for Item 6 will include the extent to which you include an evaluation of the "straight-line" condition in your 10 CFR 50.55(e) Report M-22 re-review.
