NOTE: # As per discussion with Richard J. Conte, Chief, BWR Section, Operations Branch, U.S. NRC, Region I, it is requested that the National Examination Schedule dates assigned to Hope Creek and Shoreham Generating Stations be exchanged. Hope Creek would then be scheduled to have examinations conducted in the months of June and December. Shoreham would have the months of March and September available for exams. This exchange would become effective for exams scheduled after October 1, 1990 and be consistent with the presently scheduled Hope Creek LO Requal Exam arranged by Mr. Conte.
