Post Office Box 41
Lycoming, New York 13093

Dear Mr. Salmon:

SUBJECT: INSPECTION REPORT NO. 50-333/93-16

This refers to your March 31, 1994, correspondence in response to our letter, dated February 1, 1994, regarding FitzPatrick's schedule for completing the adequacy review of the remaining surveillance test procedures.

We noted that the adequacy review of all logic system functional tests and all functional fire protection surveillance tests have been completed. Your scheduled completion date of December 1994 for the adequacy review of the remaining surveillance tests was considered acceptable. We consider these actions acceptable pending further review in future inspections.

We appreciate your cooperation.

Sincerely,
