Dear Mr. Lyster:

Thank you for your letter dated March 25, 1994, in response to our January 25, 1994 letter concerning unnecessary operator training.

In our letter, we requested that you look into this concern and submit the results of your investigation to the NRC.

Your response indicated that operator performance and training is not adversely impacted as a result of collateral duties. We found your investigation to be sufficient to support your conclusions and have no additional questions regarding this matter. We request that you retain the supporting documentation for your investigation of this matter for a minimum of one year from the date of this letter.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter will be placed in the NRC Public Document Room.

Your cooperation is appreciated.

Sincerely,

Original signed by D. G. Greenman
