Gentlemen:

Thank you for your letter of September 9, 1982, in response to our letter and the attached Notice of Violation dated August 20, 1982, relating to our inspection of your licensed activities at your Olney, Illinois, branch office on June 29, 1982.

As a result of the telephone conversation between your Mr. E. D. Mott and Mr. C. L. Cain of our office on September 23, 1982, your explanation concerning contamination survey procedures has been found sufficient to justify elimination of Item No. 2 of the Notice of Violation.

We have no further questions in regard to your response to Item No. 1, and we will review your corrective action during a future inspection.

Sincerely,

Glen D. Brown, Chief
Technical Program Branch
