Gentlemen:

This refers to your Certificate of Compliance No. 9073 for the Model No. OH-142 shipping container.

The certificate will expire on November 30, 1982. Because the certificate references consist of an application and many supplements, we request that you submit a consolidated application, with drawings, incorporating all previous submittals. The consolidated application need not include your QA program but should continue to include quality control requirements and operating procedures.

The consolidated application (6 copies) should be submitted at least thirty (30) days prior to the expiration date of the certificate. In addition, the renewal fee prescribed in 10 CFR §170.31 should be included with your request.

Sincerely,

Original Signed by
CHARLES E. MACDONALD
