Docket No. 50-341

Detroit Edison Company  
 ATTN: Mr. Harry Tauber, Vice President  
 Engineering and Construction  
 2000 Second Avenue  
 Detroit, Michigan 48226

Gentlemen:

We have received a copy of your application notarized August 11, 1982, which was filed with the Office of Nuclear Regulatory Commission (ONRR) for review by a LeBoeuf, Lamb, Leiby and MacRae letter dated August 13, 1982. This application requested amendment to Construction Permit No. CPPR-87 for the Enrico Fermi Atomic Power Plant Unit No. 2. The amendment proposes substitution of Wolverine Electric Cooperative, Inc. (WEC) for Northern Michigan Electric Cooperative's interests and to change WEC to Wolverine Power Supply Cooperative, Inc. Fees pursuant to 10 CFR 170.22 were not remitted with your application.

Based on information provided by the ONRR staff as the result of their preliminary review of your application, it has been determined that a Class II fee of \$1,200 is appropriate for this request since the changes are considered to be administrative in nature. Therefore, it is requested that your Company remit the sum of \$1,200 to this office. If the ONRR staff's final review of your application reveals that this fee is not correct, you will be notified and any necessary adjustments will be made.

Sincerely,

Original Signed by
