Gentlemen:

Re: Regualification Program for Reactor Operators/Senior Reactor
Operators Docket No. 50-160, License No. R-97.

Enclosed please find a new Regualification Program for ROs/SROs at
the GTRR. We believe that this program conforms to the
requirements of 10 CFR 55.59 as they apply to research reactors.
Should you have any questions please let us know.

Sincerely,

R. A. Karam, Director
Neely Nuclear Research Center
