Docket No. 50-483

Mr. A. C. Passwater  
Manager-Licensing & Fuels  
Union Electric Company  
Post Office Box 149  
St. Louis, Missouri 63166

Dear Mr. Passwater:

As pointed out to us in your letter dated November 1, 1990 to John N. Hannon, NUREG-0020, Volume 14, No. 3, contained an error in the year-to-date column for Item 23, Unit Capacity Factor (NER Net). It read 69.6% rather than the correct number, 81.4% which can be calculated manually from the data presented on page 2-07. The incorrect calculation apparently occurred because an incorrect value for the Callaway Design Electric Rating was used. The correct value was used for the other two calculations for Item 23. We regret any inconvenience caused by this error.

Sincerely,  
Original signed by
