RE: REPLACEMENT OF RSO AT BLANDING ORE BUYING STATION

Dear Mr. Gnugnoli:

Pursuant to our telephone conversation today and the stipulations of Condition No. 17 of SUA-1326, Plateau Resources Limited is herewith notifying the Nuclear Regulatory Commission of the replacement of Mr. Steven E. Reynolds as the radiation safety officer (RSO) for the Blanding Ore Buying Station. Mr. Dennis J. Allen who is the Environmental and Radiological Health Supervisor for the Ore Buying Station and the Shootaring Canyon Uranium Processing Facility has assumed the duties as acting RSO.

Mr. Allen will continue in this dual capacity until such time as a new RSO is fully trained and meets the requirements of Condition No. 17. The training is expected to take approximately four months to complete. Mr. Allen will supervise the radiological health technician(s) during the training and qualification phase.

If you have any questions, please call me at (303) 245-5460.

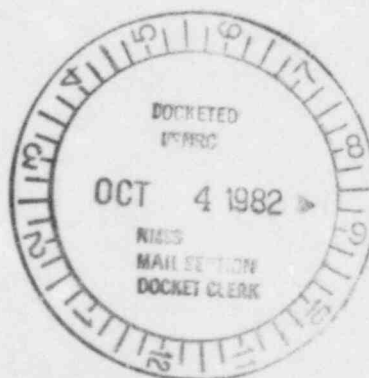

Sincerely,

Fred W. Gerdeman
