Re: Docket No. STN 50-482  
Ref: Letter KMLNRC 82-218 dated 7/1/82 from GLKoester,  
KG&E, to WCSeidle, NRC  
Subj: Inspection Report 50-482/82-07 - Corrective Action  
Completion Date

Dear Mr. Seidle:

The purpose of this letter is to advise you that corrective action for the violation documented in Inspection Report 50-482/82-07 will be completed by July 26, 1982, instead of July 19, 1982 as stated in the Referenced letter. The additional time is necessary to ensure the quality of the corrective actions taken.

The slip in completion date was discussed on July 16, 1982 in a telephone conference between Mr. Otto Maynard, KG&E, and Mr. Ray Hall, NRC. Mr. Hall agreed that a one-week slip was acceptable in order to achieve better quality in corrective action.

Yours very truly,

*Glenn L Koester*
