OFFICE OF SECRETARY  
DOCKETING & SERVICE  
BRANCH

In the Matter of  
Union Electric Company  
(Callaway Plant, Unit 1)  
Docket No. STN 50-483 OL

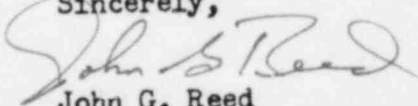

Dear Mr. Baxter:

Reference your document production requests, I do not believe that any documents were referenced that you do not already have in your files; however, I am always prepared to meet with you to discuss matters relating to this issue.

I have not forgotten my offer to Ms Bauser to let her look at my lesson plans and the letter from Argonne Labs. While such plans are my personal papers, and do not have standing in this matter, I must ask that they not be copied or made public; to include being made available to any agency of local governments or the State of Missouri. I do not intend that they be used by anyone, except myself, unless I authorize such use personally. Under these conditions, I will be happy to let Ms. Bauser or you look at the material.

You will find a list of the interrogatories to which I object on the attached document.

Sincerely,

John G. Reed  
Citizen of the United States  
of America
