INTERVENORS' MOTION FOR EXTENSION OF TIME TO FILE  
RESPONSE TO LICENSEE'S WRITTEN PRESENTATION

Come now Intervenors and move for an order extending their time to file a response to the Licensee's Written Presentation to and including December 24, 1990. In support of this motion Intervenors show that:

1. Under the present scheduling order their response is due on December 17, 1990.
2. There has been no ruling on Intervenors' motion to strike various portions of Licensee's Written Presentation, and various affidavits, with the result that Intervenors cannot know exactly what points require a response.
3. Counsel for the NRC has represented that a revision to Regulatory Guide 10.5 is applicable here, but appears to have furnished Intervenors an

incomplete copy. By telephone on December 13 Ms. Woodhead has promised to furnish the remainder by FAX.

4. Intervenors are still engaged in a controversy with the Licensee over production of an alleged translation of the Seehars article, Intervenors claiming that it is a referenced document which the Licensee has agreed to produce, and the Licensee taking the opposite view.

5. The Licensee has filed an extensive written presentation, and many affidavits, including fifteen numbered affidavits, and an untold number of other affidavits. Responding to these matters requires more time than is available. Intervenors have simply been unable to prepare their response to all these matters.

6. By telephone on December 13, 1990, Intervenors' counsel informed Judge Bloch that Licensee's counsel stated that he would oppose the motion for extension of time. Judge Bloch responded that the request for an additional seven days was orally granted on the telephone, and that the Licensee may move for reconsideration.

WHEREFORE, Intervenors pray that their time to respond to the Licensee's Written Presentation be continued to and including December 24, 1990.
