OFFICE OF THE
SECRETARY

MEMORANDUM FOR THE RECORD

FROM: Samuel J. Chilk, Secretary 

SUBJECT: STAFF REQUIREMENTS - DISCUSSION OF REACTOR
VESSEL WATER LEVEL INDICATOR PROGRAM,
10:00 A.M., THURSDAY, OCTOBER 14, 1982,
COMMISSIONERS' CONFERENCE ROOM, D.C. OFFICE
(OPEN TO PUBLIC ATTENDANCE)

The Commission was briefed by staff on recommendations regarding additional instrumentation for detection of inadequate core cooling.

The Chairman requested that the staff brief him further on the system currently used by Westinghouse.

(Subsequently, a personal briefing was scheduled for Chairman Palladino.)

The Chairman noted that the Commissioners will act on the staff's recommendations (as stated in SECY-82-407) by notation vote.
