Bethesda, MD 20817

Dear Judges Gleason and Bright:

As I informed Judge Gleason over the telephone yesterday, I am enclosing a motion by Native Americans for a Clean Environment, seeking leave to respond to the NRC Staff's opposition to NACE's request for a hearing on the Sequoyah Fuels Corporation's application for renewal of its materials license for its Gore, Oklahoma, facility. NACE also seeks the opportunity to submit affidavits and additional information in support of its request for a hearing; and to review and respond to SFC's November 20 response to the Staff's November 5 Demand for Information regarding the uranium seepage incident that occurred last summer.

Counsel for the NRC Staff has informed me that the Staff does not object to our requested extension until December 21, 1990. I was unable to reach counsel for the Licensee.

Thank you for your consideration.

Sincerely,

Diane Curran
